# ATa Services Company

Welcome to ATa Services Company, a multi-disciplined design and engineering company providing comprehensive services throughout Asia.

We have 10 years' experience in Asian market for manufacturing companies.

Our qualified and experienced staff is specialized in different fields such as mechanical and electrical projects. We take over engineering projects (designing, detailing and drafting) with the utmost competence and professionalism.

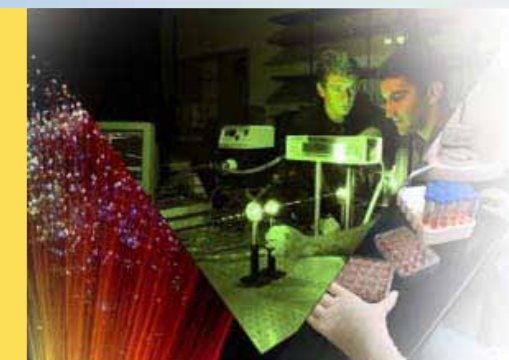

ATa Services is an Engineering Process Outsourcing Company.

We are engineers and designers focused on responsiveness and quality of service.

We will continue to meet the evolving challenges of workforce flexibility with staffing solutions tailored to your precise business needs.
